

IEEE International

Microwave and Antenna Symposium (IMAS)

Jeddah, Saudi Arabia 19th - 22nd October 2026

CALL FOR PAPERS

From Waves to Wonders:

Advancing Microwave & Antenna Technologies in the Heart of the Red Sea

Join us at IMAS 2026 in Jeddah, Saudi Arabia, a premier symposium bringing together global experts in microwave engineering, antennas, and wireless technologies to explore groundbreaking research, innovative applications, and emerging frontiers in the field.

Beyond the conference, experience the coastal charm of Jeddah — where history meets modernity along the shores of the Red Sea. Discover its vibrant culture, dynamic innovation ecosystem, and world-class hospitality. With its rich heritage, stunning waterfront, and visionary spirit, Jeddah promises an unforgettable experience for every participant.

IMAS Main Tracks

- ▶ **Antenna Systems and Electromagnetic Techniques**
- ▶ **RF and microwave technologies for wireless, IoT and emerging applications**
- ▶ **Advancements in Wireless Propagation and Channel Modeling**
- ▶ **Measurement techniques for Radar, Antennas, and EMI/EMC Applications**
- ▶ **Microwave and Antenna Technology in Biomedical Applications and Healthcare**
- ▶ **Photonics and Optical Systems**

STEERING COMMITTEE

Samir El-Ghazaly – University of Arkansas, USA

Yahia Antar – RMC, Kingston, Canada

ORGANIZING COMMITTEE

General Chair:

Atif Shamim – KAUST, Saudi Arabia

Co-Chair:

Goutam Chattopadhyay – Caltech, USA

TPC Chairs:

Ayman El-Tager – MTC, Cairo, Egypt

Qammer Abbasi – Univ. of Glasgow, UK

Submission Deadline
15th May 2026
