

2026 IEEE International Conference on Intelligent Systems and Interdisciplinary Applications (IEEE ISAIA 2026)

October 9 - 10, 2026, Montclair, US

Website: <https://www.ieeeisaia.com>

Conference Committee

Steering Committee Chair

Emad Farag, Samsung Research America

General Chairs

Cherif Chibane, AuresTech Inc.

Ajay Poddar, Synergy Microwave

Weitian Wang, Montclair State University

Technical Program Committee Chairs

Jawad Siddiqui, IEEE AP-S SIGHT, Queen's University

Anisha Apte, Synergy Microwave

Hao Liu, Montclair State University

Publication Chairs

Rui Li, Montclair State University

Kit August, Stevens Institute of Technology, IEEE

Student Poster Competition Chairs

Chao Huang, Montclair State University

Avimanyou Vatsa, Fairleigh Dickinson University

Debapriya Hazra, Montclair State University

Panel and Workshop Chairs

Ronald W. Quade, ElectriComm, Inc.

Yanhui Zhu, Montclair State University

Alok Tibrewala, George Washington University

Registration Chairs

Junyi Ye, Montclair State University

Chitra Venkatraman, Bell Labs

Kevin Lu, Stevens Institute of Technology

Student Activity Chairs

Jesse Parron, Montclair State University

Craig Polk, IEEE Future Networks

Cristian Noriega Monsalve, IEEE Region 1

Publicity Chairs

Naresh Chand, IEEE Photonics Society

Adriaan J. de Lind van Wijngaarden, Bell Labs

Russell Pepe, Advanced Technical Marketing

Kalyani Matey, Great Lakes Institute of Management

Welcome to IEEE ISAIA 2026

The 2026 IEEE International Conference on Intelligent Systems and Interdisciplinary Applications (ISAIA) brings together scientists, engineers, practitioners, educators, and industry experts to explore cutting-edge advancements in intelligent systems and their applications across diverse domains. The conference serves as a collaborative forum for participants to exchange knowledge, discuss emerging challenges, and identify innovative solutions that bridge disciplinary boundaries. By integrating insights from science, engineering, and domain-specific expertise, ISAIA promotes holistic approaches to designing, deploying, and optimizing intelligent systems that address interdisciplinary complex real-world problems and drive impactful applications.

The theme of IEEE ISAIA 2026 is **Human-Centered Intelligent Systems for Human Wellbeing Advancement**.

The conference will take place on October 9-10, 2026, in Montclair, New Jersey, USA.

IEEE ISAIA 2026 will feature keynote speeches, technical paper presentations, panel sessions, workshops, and poster competitions.

We look forward to seeing you in New Jersey, USA!

IEEE ISAIA 2026 Tracks

The IEEE ISAIA 2026 will cover six main tracks, including:

- ✓ **Intelligent System Foundations, AI, and Data Science**
- ✓ **Antennas, RF & Microwave, Photonics, Circuits, and Systems**
- ✓ **Robotics, Automation, and Autonomous Systems**
- ✓ **Advanced Signal Processing, Communication, and Cybersecurity**
- ✓ **Satellite Systems and Technologies**
- ✓ **Interdisciplinary Applications of Intelligent Systems**

All submitted manuscripts should be 3 - 6 pages in IEEE two-column format.

Paper submission instructions are available at: <https://www.ieeeisaia.com/submissions>.

Important Dates

May 20, 2026, Extended Deadline for Full Paper Submission

June 22, 2026, Paper Acceptance Notification

June 1, 2026, Registration Opening

July 27, 2026, Camera-ready Paper Submission

August 31, 2026, Deadline for Early Bird Registration (author and non-author)

August 30, 2026, Deadline for Late Registration

October 9 - 10, 2026, Conference Dates

Sponsors and Supporters
